BEWARE OF PAPER IN THE BACK WINDOW OF YOUR VEHICLE

- Heads up everyone! Imagine this scenario: You walk across the parking lot, unlock your car and get inside.
- You start the engine and shift into Reverse.
- When you look into the rearview mirror to back out of your parking space, you notice a piece of paper stuck to the middle of the rear window.
- So, you shift into Park, unlock your doors, and jump out of your car to remove that paper (or whatever it is) that is obstructing your view.
- When you reach the back of your car that is when the car jackers appear out of nowhere, jump into your car and take off.
- They practically mow you down as they speed off in your car.
- And guess what, ladies? I bet your purse is still in the car.
- So now the carjacker has your car, your home address, your money, and your keys.
- Your home and your whole identity are now compromised!
- BEWARE OF THIS NEW SCHEME THAT IS NOW BEING USED...
- If you see a piece of paper stuck to your back window, just drive away.
- Remove the paper later. Call your local police and be thankful that you read this TIP OF THE MONTH!
- Please print this out and pass it along to your friends and family, especially to women.
- A purse contains all kinds of personal information and identification documents, and you certainly do NOT want this to fall into the hands.
